

INTRODUCTION

The 30/13 is a premium quality universal battery belt designed for the film and video industries. The 30 volt output can be used for all 30 volt lighting applications (HMI) up to 250 watts as well as other 30 VDC devices.

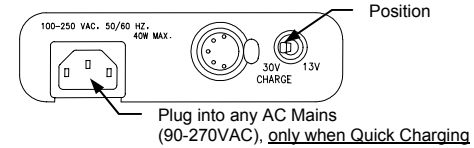

The output can be used as either 13V 8 AH or 30V 4 AH. The 13V mode will power all 12 volt equipment including cameras, VTR's, monitors and more. The 30/13 belt can be worn around the waist, over the shoulder, bandolero style, or buckled around a tripod.

FEATURES

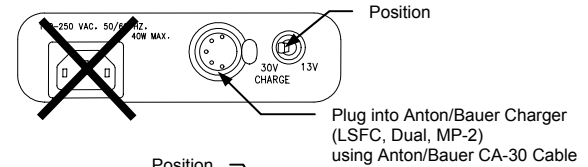

- 2 pin Amphenol connector for 30 volt output.
- 5 pin XLR connector for 13 volt output as well as fast charging. See Charging Section.
- 10 Amp circuit breaker for output protection
- Green, Orange, Red LED's for charge status indication.
- Standard IEC connector for charging via AC Mains connection.
- 30V/13V switch for output.
- Wide Range Input, 90-270VAC, for quick charging.

SPECIFICATIONS

	30 VOLT MODE	13 VOLT MODE
OUTPUT VOLTAGE:	28.8 nominal	13.5V nominal
MAX OUTPUT CURRENT:	10 amps (circuit protection)	
MAX OUTPUT CAPACITY:	4AH, 120 WH Nominal	8AH, 108 WH Nominal
TYPICAL RUN TIMES:	@ 100 watts - 65 min. @ 150 watts - 45 min. @ 250 watts - 28 min. (Max.)	@ 25 watts - 4 hours @ 32 watts - 3 hours @ 50 watts - 2 hours @ 70 watts - 1-1/2 hours @ 100 watts - 1 hour (Max.)
WEIGHT:	13-1/2 lbs.	
SIZE:	32" - 48" adjustable	

SERVICE

This 30/13 Battery belt contains several precision electronic computer interface components and sensors that have been calibrated at the Anton/Bauer factory during manufacturing. The exceptional performance, life, and safety features of this battery are directly dependent on the proper functioning of these circuits. The rugged construction of this 30/13 battery belt is designed to protect these electronic components as well as the cells for the life of the battery. However, if for some reason the battery should fail to deliver acceptable performance it should be returned to the Anton/Bauer Service Department. Only the Anton/Bauer Service Department is equipped to service the 30/13 belt and calibrate the electronic components and sensors. Any attempt by the user or any other unauthorized persons to service this battery will surely result in improper calibration which could result in severe battery damage or safety hazards.

THEREFORE:

1. DO NOT ATTEMPT TO SERVICE THIS BATTERY UNDER ANY CIRCUMSTANCE.
2. DO NOT SEND THIS BATTERY FOR SERVICE TO ANYONE OTHER THAN THE ANTON/BAUER SERVICE DEPARTMENT.
3. DO NOT REBUILD THIS BATTERY - At the end of its useful life contact Anton/Bauer Service Department for information.
4. DO NOT DISPOSE OF THIS BATTERY - This battery contains sealed Nickel-Cadmium cells and must be disposed of properly. Anton/Bauer participates in a recycle program that handles Nickel-Cadmium battery products (see below).

WARRANTY

IMPORTANT: PLEASE MAIL WARRANTY REGISTRATION CARD WITHIN TEN (10) DAYS OF PURCHASE. THE REGISTRATION CARD MUST BE ON FILE AT OUR SERVICE DEPARTMENT TO ESTABLISH WARRANTY.

Proper registration will also enable us to provide you with updated information on your battery system.

This new Anton/Bauer 30/13 battery belt has been 100% tested prior to shipment and is warranted against defect in materials and workmanship for a period of one (1) year from date of purchase. If this battery is found to be defective or fails to meet minimum capacity specifications,* it will be repaired or replaced, FREE OF CHARGE, at Anton/Bauer's option.

This Warranty does not cover damage resulting from accident, misuse or abuse, neglect, or improper service or maintenance. Use of unauthorized service replacement parts or attachments will void this warranty. Misuse includes any use of this product in other than its intended applications. No responsibility is assumed for any special, incidental or consequential damages. No other Warranty, written, oral or implied is assumed or authorized by Anton/Bauer. The liability of Anton/Bauer hereunder is expressly limited to a claim for a repair or replacement for the goods sold or as otherwise stated herein.

This Warranty is to be construed and enforced in accordance with the law of the State of Connecticut, including the provisions of the Uniform Commercial Code as adopted and, from time to time, amended in the State of Connecticut and not the Convention for the International Sale of Goods. This choice of Connecticut law is exclusive of any Connecticut law that would require reliance on any law foreign to Connecticut. Should any action of law or in equity be brought by any person under this Warranty, such action shall be brought only in the United States District Court for the District of Connecticut, or in any Superior Court in Fairfield County, Connecticut, U.S.A.

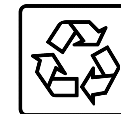

*Performance is warranted at a minimum of 70% of rated capacity.

If you have any questions regarding applications or specifications, or to obtain warranty service on this or any Anton/Bauer product, contact the Anton/Bauer Customer Support Department.

Ni-Cd

	<p>The EPA certified RBRC® Battery Recycling Seal on the nickel-cadmium (Ni-Cd) battery indicates Anton/Bauer is voluntarily participating in an industry program to collect and recycle these batteries at the end of their useful life, when taken out of service in the United States or Canada. The RBRC® program provides a convenient alternative to placing used Ni-Cd batteries into the trash or the municipal waste stream, which may be illegal in your area. Please call 1-800-8-BATTERY™ for information on Ni-Cd battery recycling and disposal bans/restrictions in your area. Anton/Bauer's involvement in this program is part of our commitment to preserving our environment and conserving our natural resources.</p>
